

# FREEZE - 55 °C

## Aerosol

For local fast freezing during assembling and disassembling work. Quick powerful freezing up to -55°C. Also suitable for fault searching in electronics.

### Application

For quick local freezing. Makes it easier and faster to localize a thermally failed component, heat breaker, relay, thermostat, cold joint etc.  
Facilitates installing and removing bearings. A good tool for e.g. car repair shop installations. Can also be used for removing chewing gum from textiles.

### Product properties

Also suitable for delicate materials. Does not conduct electricity. Inflammable. Freezes effectively up to -55°C.

### Instructions for use

Spray into the subject being frozen. Do not apply directly on the skin. Works upside down as a pressure cleaner.

### Note

Do not apply directly on the skin.

### Composition

Ingredient	Effect
Tetrafluoroethane	The freezing agent

### Appearance and scent

Colourless

### Country of manufacture

FINLAND

### Package size / Product code
